

ARKWOOD SUPERFUND SITE QUESTIONNAIRE

The U.S. Environmental Protection Agency (EPA) encourages citizen involvement in their decision-making process. In order for EPA to respond with timely information to citizens, EPA utilizes many mechanisms to promote two-way communication between the public and the Agency. One communication mechanism is to obtain information from the public as to their needs and concerns about a Superfund site. Please take a few minutes to let us know how we can best meet your needs.
